

# QUICK SETUP GUIDE

Simple and Easy to understand:  
overview of the screen

**Pen Holders:**  
the penholders will  
let you have an  
easy access to the  
screen's stylus.

Three buttons can be found in the  
bottom center of the screen's bezel.

- Back button:** By only tapping on this button, you will go one step backwards on your menu or option. Holding this button for one second will open the inputs menu.
- Home button:** By only tapping on this button, you will go directly to the screens home menu. Holding this button for two seconds will prompt the screen to shutdown.
- Square button:** By only tapping on this button, you will open the recent apps you used. Holding this button will open the quick access menu.

**Easy Connections:**  
some easy to go  
connections are  
available on the  
bottom right corner,  
this includes a **USB-C**  
(15W) and 2 **USB-A**  
**3.0** connectors.

Both sides have  
Quick access menu  
arrows, by tapping  
them you will  
instantly have access  
to some useful tools  
and settings.
